

SMARTIE CHORDS

Aim:

To explore and create 3 chords.

You will need:

- A mini pack of smarties
- Keyboard
- Manuscript paper and pencil
- iPad

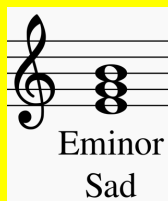

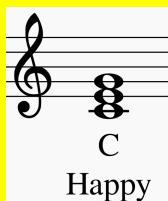

****IMPORTANT!**** No eating smarties until the end!

Instructions:

1. Using the keyboard, explore and make a chord. (Remember: a chord is 3 or more notes played to create harmony)
2. Once you are happy with how your chord sounds, place a smartie on each of the keys you used.

3. Next, notate the notes of your chord on the manuscript paper. (Remember: use semibreves and stack them to make your chord.)
4. Create a name for your chord - HINT: what is the bottom note of your chord? Or, be creative!
5. Write the name under the chord and a brief description of the MOOD it creates ie Happy, Sad, Angry, Scary, Funny.
